

First Of New Beans Brings Eleven Cents

Should All Be Needed In Islands — Kula Onions Likely To Find Poor Market—Marketing Division Has Record Month

HONOLULU, July 2.—Eggs and butter are in demand. The Division has all the poultry that it needs for the present. There are a great many Muscovy ducks being sent to the market this year. A few turkeys have been sold during the week but there will be only a limited demand until the holidays.

The first bag of calico beans from the new Maui crop arrived this week and were sold for eleven dollars. As the crop is reported to be much smaller this year than expected every bean should be consumed in the territory instead of sending them to the coast as was done last year. A large corn crop is reported on Maui and the last mail brings word that there are about 800 bags of Bermuda onions in Kula which will be harvested during the coming month. These onions will no doubt have to compete with the imported California onions and will bring a low price. Island onions are moving very slowly now at \$2.75 a hundred.

Due to the fact that there has been very little call for field and garden seeds in bulk, the Division has turned over to the U. S. Army a large quantity of seed to plant their fields at Castner. Among the seeds they are going to plant are alfalfa, pumpkins, peas, beans, kafir corn, mangel wurtzel, carrots and beets. The Division still has a large quantity of the different varieties of seed on hand in bulk and in packages.

The month of June will be the best month that the Division has ever had. The total sales will be over twenty thousand dollars. The consignment sales have increased greatly but the retail department sales have fallen off a little due to the fact that all credit accounts were discontinued on the first of the month.—A. T. LONGLEY, Superintendent.

Would Have Banks Finance Farmers

Secretary Of Haiku Farmers Association Sends Open Letter To Banks On Matter Of Long Time Farm Loans — Wants Federal Loan Act Rates

Haiku, Maui, June 23, 1917.
An Open Letter to the Banks of Hawaii,
Gentlemen:

The Farm Loan Act for Hawaii has been defeated by the Senate. According to the newspaper reports Honolulu bankers stated, before the Judiciary Committee of the Senate, that "legitimate and worthy enterprises could secure such loans as were needed from the banks direct."

We are led to believe from this that the local banks may now be willing to lend on the same terms as the Federal Farm Loan Act and the proposed Act for Hawaii which was defeated by one vote in the Senate.

In view of the above we, the Haiku Farmers' Association vitally concerned in the extension of the provisions of the proposed Act for Hawaii that failed of passage, and of the Federal Farm Loan Act, to the Territory of Hawaii ask that the bankers of Hawaii severally or collectively, place themselves on record as favoring the borrowing, provisions of said Acts. And in view of the defeat of the Farm Loan Act for Hawaii, and of the fact that the Federal Act does not include applications for loans under the provisions of the said Acts, as they appeal to this Association, are—

(a) Repayment on the amortization plan (except crop loans).

(b) Long terms.

(c) Basis of value to be the value of the security after the requested loan has been expended.

(d) Where the loan requested does not exceed fifty (50) percent of the value of the land plus twenty (20) percent of the value of the improvements, interest to be at the rate of five (5) percent. (Present Federal Act rate.)

(e) Where the loan requested exceeds the limit of "d" but does not exceed the limit of the proposed Act for Hawaii, namely sixty (60) percent of the value of the land plus sixty (60) percent of the value of the improvements, interest to be at the rate of six (6) percent.

If you are favorable to these provisions and will extend your banking facilities to aid the classes for whose benefit farm loan acts are intended, we will cooperate with you in every way possible for the advancement of legitimate and worthy farm enterprises.

Very truly yours,
HAIKU FARMERS' ASSOCIATION

A Conflict.

"What brought you here, my poor fellow?" a missionary asked a convict. "I married a new woman, sir," the prisoner groaned. "Aha!" said the missionary, "and she was so domineering and extravagant that it drove you to desperate courses, eh?" "No," replied the prisoner; "but the old woman turned up."—Tit-Bits.

ZEROLENE

The Standard Oil for Motor Cars

Factory experts, and leading coast distributors for all makes of cars, testify that Zerolene, correctly refined from California asphalt-base crude, gives perfect lubrication with least carbon deposit.

Less wear and more power because Zerolene keeps its lubricating body at cylinder heat. Less carbon because, being made from asphalt-base crude, it burns clean and goes out on exhaust.
